

**THANK YOU! THANK YOU! THANK YOU!**

The Loring Greenway Association (LGA) wishes to express its sincere thanks for the involvement of (insert building/complex name) residents with planting and community activities on the Greenway in 2010. Hundreds of Loring Greenway residents took part and we cannot thank you enough for helping make our Greenway a more beautiful, friendly and comfortable back yard. Flowers were purchased, planted and maintained and two community events sponsored – the National Night Out Pet Parade and the first annual Oktoberfest. All were great successes.

LGA is a non profit organization established to provide enhancements to the Greenway including flower and tree planting, seating, lighting, signage, and neighborhood events. The LGA board is composed of representatives of each of the buildings on the Greenway. While the City of Minneapolis owns the Greenway and along with the Park Board provides basic maintenance, LGA has stepped in to provide the kind of enhancements needed to ensure that the Greenway remains a premier urban walkway. Many Greenway residents, as well as the condominium and townhouse associations along the Greenway, are contributing financially to the LGA efforts. Your generosity is more than appreciated.

Plans for the future include seating, banners, signage and other enhancements. Damon Farber Associates, one of the premier landscape architecture firms in the Twin Cities, is partnering with us to develop and illustrate this plan. An overview will be available in 2011 and sponsorship sought from area residents, businesses and foundations.

Again, our sincere thanks for your time, enthusiasm and funds. A great start has been made and we look forward to an even better year in 2011

Yours truly,

Merry Keefe & Doug Wallace  
Loring Greenway Association Co Chairs
